ATTENTION is called to the reports of State Inspector Lester, which appear on our 4th page. The others to date will follow in each issue till completed.

THE Cran Orchard people are in high feather over the prospects of the new railroad. They say the road is bound to be built by that place and give many good reasons for their assertions.

WILL IMPROVE.—O. P. Huffman has contracted with A. C. Sine to make improvements on his dwelling on Danville Avenue to the extent of \$500, which will wonderfully help the appearance and convenience of it.

ATTENTION COMMITTEEMEN.—The democratic county committee is hereby called to meet at Stanford at 2 P. M. Saturday, July 22d, to attend to important business. A full attendance is desired. John W. Holmes chairman.

A GOOD democrat suggests that Editor Louis Landram devote his attention to press associations and the like until after the November election, thus giving Prof. M. D. Hughes a good show to carry Garrard for Gobel and the rest of the ticket.

THE fair season is almost upon us and the beaux and belles are happy. They are already gathering at Hustonville, where on Wednesday of next week the belle will tap for the first and best fair in the State. A hop will be enjoyed during the week.

BASE BALL.—The Hustonville team will come down this afternoon and play a game with the Stanford champions. Our boys haven't practiced much lately and as the West Enders are said to be playing night and day, the result will be in doubt.

MUCH needed showers fell Sunday and yesterday over most of this section, which has already given a new impetus to parched vegetation. Some of the forward corn is past redemption, but the later and the grass fields will be greatly benefited. The prayers of the righteous should be: "Lord send us more" till a sufficiency is had.

A NUMBER of Boyle county people, including Mr. F. T. Logan, propose to have a big barbecue in that county this fall, probably in October, at which they expect Hon. William Jennings Bryan, Senator Wm. Gobel and others. It may not be out of place in this connection to say that Boyle will give an old fashioned democratic majority this year and fighting to that end has already begun.

THE L. & N. will sell round-trip tickets to Glasgow at one fare July 29 and 31, limited to 23, on account of reunion of orphan brigade.

ARATHUR STEWART and Annie Holmes, who attended the colored picnic Friday, decided to marry while here and were joined together by Judge Bailey.

AT the sale of the booth privileges of the Hustonville fair Saturday afternoon Dinwiddie Bros. got the refreshment privilege for \$27 and W. C. Greening the horse feed and baggage for \$22. Mrs. I. F. Steele was given the dining privilege and A. I. dinners may be expected.

PICNIC.—Miss Anna Gover tells us that there will be a Sunday School picnic in Mrs. Ella Rose's woodland, next Saturday, 23d, and that all the Sunday Schools in the vicinity are invited to attend. There will be many ways provided for the young people to enjoy themselves and plenty of good things to satisfy the hungriest of them.

ROBBER.—Mr. Milford Hall, of Rowland, tells us that while his son-in-law P. B. Buchanan, was spending Saturday night with another son-in-law, B. P. Buck, who lives on Joe Coffey's place near Milledgeville, they were chloroformed as they slept and robbed of \$46. Most of the amount was gotten from the pocket of Mr. Buchanan and the rest from a drawer in Mr. Buck's bureau, showing that the thieves were pretty well acquainted with the premises. In their haste to get away the thieves dropped \$6 of their booty. There is no clue to the men but extra efforts will be made to apprehend them. The chloroform made Mr. Buck very sick and he had to be doctored for hours.

THE picnic given Friday for the benefit of the colored public school building netted \$60 to go towards completing it. Dr. W. D. Tardif and James Carpenter, to whom great credit is due, tell us. There was a very large crowd here, but not the least trouble occurred, everybody seeming to be on his good behavior. Our colored friends seem to manage these things better than their white friends and are to be congratulated. The Renetown band, in bright new uniforms, gave several serenades in town, which showed that they have greatly improved in playing. A banquet at night wound up the day, which proved as pleasant to the participants as it was profitable to the school. Dr. Tardif is doing his best to get a creditable building for his school and he should be liberally assisted by all who are able to do so.

A BAD MAN.—A dispatch from London says Craig Gragg was tried there Friday on several charges. His wife testified against him, told a pitiful story of mistreatment by her husband, and exhibited fearful bruises and wounds on her body that Gragg inflicted two weeks ago. Robert Ridings showed the court ugly gashes in the breast, inflicted by Gragg with a dirk. He testified he didn't know Gragg was mad at him until he was cut. The court held him on various bonds, one for \$2,000, to keep the peace. He can't provide bond, and will be sent to Stanford for safe-keeping till the October court.

He was brought here by Sheriff Lee McHargue Sunday and turned over to Jailer DeBord. Gragg is a pretty bad man, judging from the record. It is said that he has served two terms in the penitentiary and the mittimus states that he is held for cutting and wounding with intent to kill, for which he is yet to be indicted, that he is already under indictment for house-breaking, for malicious shooting and wounding with intent to kill and for false swearing. There is hardly a doubt that he will go on one or the other of the charges and then he will cease from troubling. A third sentence to the penitentiary carries a life term with it. Our readers will remember that while he was in jail at London a few months ago, the woman, who now testifies against him, fell in love with him and not only married him but bailed him out of prison. He has led her a merry dance since, though there are those mean enough to say she deserves all the trouble she brought on herself.

OWENSBORO wagons, best made, for sale by Beazley & Carter.

FOR RENT.—Store room on Main Street in INTERIOR JOURNAL building.

FIVE KILLED.—News comes from Clay county that hades has again broken loose and that in a battle near Manchester yesterday morning five persons were killed and several others wounded. The Baker side, on which the Philpots are said to be taking a hand, lost two killed, while the White-Howard crowd had three to bite the dust.

THE rain Sunday afternoon was accompanied in the Maywood section by a small hurricane, which tore up things pretty severely for a while. W. M. Matheny had 16 stacks of hay scattered to the four winds. Nearly all the trees in Mr. James Dudderar's yard were blown down, while miles of fence suffered. Nobody was hurt, though several persons came near being scared to death.

A STATEMENT issued by Secretary and Treasurer G. L. Penny for the directors, the Stanford Water Light & Ice Co., shows 14 per cent. dividend for the last six months, with \$500 for betterments and \$194.10 to carry to surplus. There was a general cut in the salaries of officers, in some cases of 50 per cent. at the semi-annual meeting, in order to meet the heavy cut that has been made by the town in its former contract with the company.

STRANGE BUT TRUE.—A few days since Miss Mollie, daughter of Henry Blankenship, of the Preachersville section, counted out some eggs to send to market and found that she lacked just one of having a certain number of dozen. She lamented her inability to find one more and strange as it may seem while the basket of eggs was sitting on a table in the porch, up flew a hen and laid an egg in it. The performance was witnessed by several reputable citizens, including the above named young lady.

C. O. SPRINGS.—A delightful crowd of 50 or more are luxuriating at Crab Orchard Springs and Manager Gus Hofmann is doing all in his power to make them feel that it is good to be there. The fare this season is unusually good, an orchestra dispenses charming music and the various waters seem to be even more efficient than ever. The New Orleans party there is carried away with the splendid accommodations and say that next year the Crescent City will send a big delegation. Harry Collier, the gentlemanly son of J. Harvey Collier, is chief clerk and is a good one.

THE neighborhood in which George C. Givens, Frank Holtzclaw, Luther Underwood and Henry Hester live, must be thoroughly infested with thieves. The first named has lost several lambs and a number of chickens; Mr. Holtzclaw's roost was robbed of 24 chickens and 20 good-size turkeys Sunday night; Mr. Underwood has had over 100 chickens stolen recently while Mr. Hester has had a dozen or more lambs appropriated. The gentlemen are up in arms about such wholesale thieving and if somebody doesn't get hurt if a halt is not called, threats go for nothing.

THE Commercial Club met last night to take action with reference to getting the Southern railroad to have its engineers examine the line by Stanford which appears the direct one from Burgo to Jellico. Mr. J. S. Hocker told of having had a very favorable talk with the engineers and of the cordial co-operation promised him by the Danville people, when he laid the matter before them yesterday and showed them that the line would run within a mile of their city. Mr. John Bright showed the practicability of the line. Mr. J. C. Florence told of having gotten a letter in response to his to the president of the Southern, saying that he was in Europe, but would consider the matter immediately on his return. Others made short talks and the result was the appointment of Hon. J. N. Saunders to go with Danville's appointee, R. T. Quisenberry, to see the road's attorney, Judge Humphrey, at Louisville, today. The meeting then adjourned to Thursday night for Mr. Saunders' report. Ours seems the natural route and being undoubtedly the cheapest we may have another railroad yet. Mr. Saunders was authorized to offer inducements, including the right of way.
